

Dear RG Parent,

Congratulations! You are a part of the most beautiful sport in the world, Rhythmic Gymnastics~

About me, I have been photographing RG for 13+ years including US Nationals, European Championships and the Olympics. I know the timing and angles extremely well at any level. (3 to Elite ~) I am the most qualified photographer you can entrust your timeless gymnastics memories to.

The sign up fee is \$50 and that includes a private link with all your athlete's images online where you can order prints at an additional cost. (prices on your order form)

If you pay for all the proofs up front for \$150, I can waive the sign up fee and you only have to pay \$150. (most popular and best value) and I can deliver the photos to you by the end of the competition. If you decide you want all the photos after the competition it is \$200 (\$50 sign up fee + \$150 for all proofs)

For first time customers: if you are unsure you want to start at the \$150 level I can extend a one time "upgrade" to all the proofs after the meet. This is so you can review the quality of my work. That will be \$50 sign up fee up front and a \$100 "upgrade" difference after the meet upon review. You can order prints any time.

Most customers go straight for all proofs prepaid. It offers the best value and simplicity.

If price is a pain point, think of this, \$150 is the cost for one night in a hotel during travel to an RG Meet. For the best gymnastics memories that last forever... \$150 is a tremendous value. Often parents tell me the regret they feel that they didn't get photos from me when they had the opportunity too.
